PROGRESSIVE DESIGN-BUILD *The Owner's Perspective*

Progressive design-build (PDB), is becoming increasingly more popular among owners. Industry leaders like Roger Johnson from Los Angeles World Airport (LAWA) has been one of the early adopters. There are many attractive benefits to PDB for both owners and practitioners. In this seminar Roger will discuss the various nuances of PDB, and how he has applied it to his capital program to achieve more predictable results.

Learning Objectives

- What is progressive design-build? How does it work?
- Investment in projects, not procurements
- Schedule advantages
- Managing project risk as a team
- LAWA Success strategies
- Better opportunities for local subcontracting
- Capital budget management
