

KEYS OF NEGOTIATION - SHARPEN YOUR SOFT SKILLS

November 8, 2018

There is no doubt that one of the most initial keys to achieve a successful business is the ability to express our wills and understanding the wills of other effectively. This is not possible unless we make ourselves capable to negotiate effectively. Negotiating is a trading game. There is only one way to play the game; that is to trade what we want from somebody else for what they want from us.

This sessions will address the definition of the negotiation with emphasis on the "Principled Negotiation" or "Interest Based Negotiation."

The workshop can be useful for anyone who is involved in the negotiation processes and interacts with clients and other project team members. More specifically, it could be helpful for junior project team members, and emerging leaders or project managers.
