## EDUCATIONAL WEBINAR

# How to Adjust and Adapt to the Construction Supply Chain

Tuesday, October 25, 2022 • 8:30am-10:00am • Virtual

### PROGRAM SUMMARY

Hear from builders, owners, and subcontractors on how they are managing the supply chain dilemma. The disruption to the construction supply chain has gone far beyond just difficulty obtaining materials. Frozen finances, limited workforce and shortened workweeks have all stopped projects in their tracks. Learn about the ins and outs of early-stage procurement and how it will help manage the issues in the new supply chain climate. Shortage of staff and trained workforce. How to adjust and pivot the system to improve the supply chain issues. How does this affect your project?

### EMCEE

David Pintar  
Director of Project Development  
C.W. Driver

### MODERATOR

Tan Warren  
Director, Business Development Western Region  
Austin Commercial

Long Beach Unified School District

### PROGRAM PRICE

\$45 Member  
\$75 Non-Member

### SPONSORSHIP OPPORTUNITIES

\$750 Platinum  
\$500 Gold  
\$250 Silver

### CONTINUING EDUCATION CREDITS

Continuing Education Credit (CEC) provides registrants with continuing education credits and CCM Recertification Points for each education session attended. In order to meet the varied formats for reporting these mandated education requirements to licensing boards, credits are identified as Professional Development Hours (PDH), AIA Learning Units (LU), or CCM Recertification Points.
