# Design Build: Pro-Active Engagement through the Design Review Process

Thursday, October 13, 2022 • 8:30am-10:00am • Virtual

### PROGRAM SUMMARY

In previous seminars on constructability reviews, several questions arose regarding how Owners can become involved in that process during Design-Build contracts. Join CMAA's So. Cal. Chapter and our guest speakers as we delve into that very topic: we will review the peer review process and discuss how remaining pro-actively engaged throughout the design phase fosters a more successful project.
