

EDUCATIONAL WEBINAR

CIPO Cloud Software Helps Construction Owners Control and Increase Efficiency While Managing Projects and Programs

Tuesday, March 1, 2022 • 8:30am-10:00am • Virtual

PROGRAM SUMMARY

Cipo Cloud is a highly configurable, reliable, and scalable software that allows users to track, manage, automate, and visualize their programs and projects in real-time. The platform has shown to add significant value to its customers, especially those in public works, wet (water/sewer) infrastructure, and municipal building construction. This program will introduce some of the key aspects of the Construction Management Software: automating processes, generating reports, storing data in one location, etc. Panelists from local agencies will share their experiences using CIPO software.

EMCEE

Heather King
Project Controls Manager, SafeworkCM
CMAA Education Chair

PROGRAM PRICE

\$45 Member
\$75 Non-Member

MODERATOR

Todd Jorgenson, Principal
TLJ Engineers

SPONSORSHIP OPPORTUNITIES

\$750 Platinum
\$500 Gold
\$250 Silver

SPEAKERS

Alex Ivascu, Owner
CIPO Cloud

Brian Wilson, Senior Engineer
Inland Empire Utilities Agency

Eric Escobar, Principal Engineer
Riverside Public Utilities - Water

James Spears, Senior Engineer
Inland Empire Utilities Agency

CONTINUING EDUCATION CREDITS

Continuing Education Credit CMM provides registrants with continuing education credits and CCM Recertification Points for each education session attended. In order to meet the varied formats for reporting these mandated education requirements to licensing boards, credits are identified as Professional Development Hours (PDH) AIA Learning Units (LU), or CCM Recertification Points.
