EDUCATIONAL WEBINAR

Innovation and Technology in Construction

Tuesday, May 11, 2021 • 8:30am- 10:00am • Virtual Link to be Provided

PROGRAM SUMMARY

Construction Technology: Closing the gap between construction and long term facilities management. Emergent technologies are being deployed by organizations who seek better information for informed decisions, easier collaboration, and reliable transfer of knowledge between stakeholders. A discussion about deploying the right technology at the appropriate time to deliver critical information faster, more accurate, and make important intelligence more accessible.

EMCEE

Heather King
Program Controls Manager, SAFEWORKCM

PROGRAM PRICE

\$45 Member
\$75 Non-Member

MODERATOR

Alex Ivascu
Founder and President, CIPO Cloud

SPONSORSHIP OPPORTUNITIES

\$750 Platinum

Louis Galvan
Regional Director, Southern California,
Multivista

Scott M. Lopian
Sr. Construction Administrator, Field
Engineering Department
Eastern Municipal Water District

CONTINUING EDUCATION CREDITS

Continuing Education Credit CMM provides registrants with continuing education credits and CCM Recertification Points for each education session attended. In order to meet the varied formats for reporting these mandated education requirements to licensing boards, credits are identified as Professional Development Hours (PDH) AIA Learning Units (LU), or CCM Recertification Points.
