EDUCATIONAL WEBINAR

Lean Construction: Principles & Best Practices. Hear from Three Points of View: Consultant, Contractor and CM

Friday, September 30, 2022 • 8:30am-10:00am • Virtual

PROGRAM SUMMARY

The Certificate of Construction Management - Lean Construction, better known as CM-Lean, is based on the holistic pursuit of continuous improvements aimed at minimizing costs and maximizing value on a construction project including planning, design, construction, activation, operations, maintenance, salvaging and recycling. This certification, developed by the Associated General Contractors of America (AGC), provides construction professionals at all experience levels the opportunity to learn the building blocks necessary to transform their projects and companies into a Lean Operating System. This webinar includes experienced industry experts that teach, engage and execute CM-Lean on their projects. Panelists will discuss the certification process and explore real project examples that utilize CM-Lean while showcasing the benefits of this process.

\$750 Platinum
\$500 Gold
\$250 Silver

CONTINUING EDUCATION CREDITS

Continuing Education Credit CMM provides registrants with continuing education credits and CCM Recertification Points for each education session attended. In order to meet the varied formats for reporting these mandated education requirements to licensing boards, credits are identified as Professional Development Hours (PDH) AIA Learning Units (LU), or CCM Recertification Points.
