The Constructability Review Process - Keys to Reducing Change Orders and RFI's

Tuesday, June 8, 2021 • 8:30am-10:00am • Virtual Link to be Provided

PROGRAM SUMMARY

When properly executed, a Constructability Review is one of the best ways to significantly reduce change orders, RFI's, cost overruns and scheduled delays on a project. This seminar focuses on educating attendees how to properly integrate a Constructability Review on a project and how to maximize the benefits of this process.

Topics will include:

- What should be reviewed during the process
- Ideal timeline of the Constructability Review
- Who should perform the review
- Typical deliverables
- What to expect and what not to expect from the process
- Sample issues from a Constructability Review

EMCEE

Heather King
Program Controls Manager
SAFEWORKCM

PROGRAM PRICE

\$45 Member
\$75 Non-Member

MODERATOR

Jason Rechlecki, CCM
Senior Construction Manager
ANSER Advisory

SPONSORSHIP OPPORTUNITIES

\$750 Platinum
\$500 Gold
\$250 Silver

SPEAKER

Peter Kovacs, AIA, CDT, LEED AP
Managing Principal
Driver Consulting Group

CONTINUING EDUCATION CREDITS

Continuing Education Credit CMM provides registrants with continuing education credits and CCM Recertification Points for each education session attended. In order to meet the varied formats for reporting these mandated education requirements to licensing boards, credits are identified as Professional Development Hours (PDH) AIA Learning Units (LU), or CCM Recertification Points.
